

STAY SAFE IN CYBERSPACE

Don't share passwords or personal information.

Keep your passwords secret and don't tell people personal information like where you live.

Be kind online.

if you wouldn't say it in real life, don't type it online!

Only chat with people you know.

Strangers online are still strangers and people can lie about who they are on the internet.

Report anything that makes you uncomfortable.

If something online makes you feel upset or uncomfortable, report it.

Talk to a grown up you trust.

Talk to a trusted adult (like a parent or teacher) if you're unsure.
